Domek narzędziowy
Instrukcja montażu i obsługi

Garden Shed
Assembly and use instructions

**UWAGA!**

Przed montażem uważnie przeczytaj instrukcję obsługi. Montaż należy przeprowadzić ściśle według instrukcji. Dwukrotnie sprawdź, czy wszystkie części opakowania są nienaruszone. Aby uniknąć obrażeń, podczas montażu zaleca się stosowanie rękawic roboczych.

**ATTENTION!**

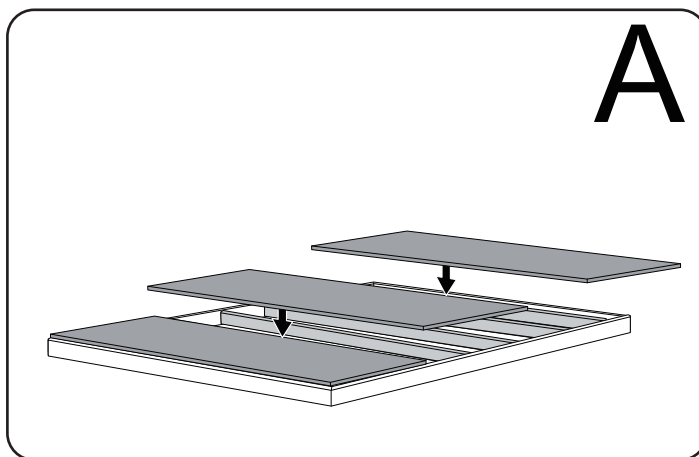

Please read the instruction manual carefully before assembly. Please assemble strictly in accordance with the instruction. Please double-check to ensure that all parts of the package contents are intact. To avoid injury, work gloves are recommended during assembly.

PRZYGOTOWANIE TERENU

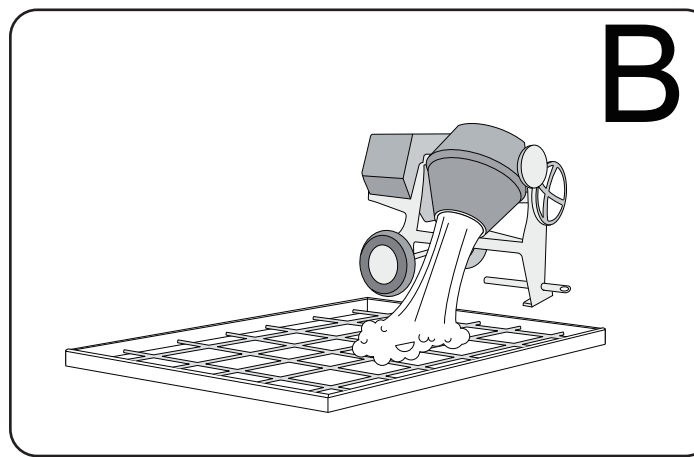

Wyrównaj powierzchnię gruntu.

Zalecenie/Opcja: Zbuduj drewnianą lub betonową podstawę jako fundament.

**A**

Recommendation/Option: Construct a wooden or concrete base as a foundation

**B****PRZED ROZPOCZĘCIEM MONTAŻU**

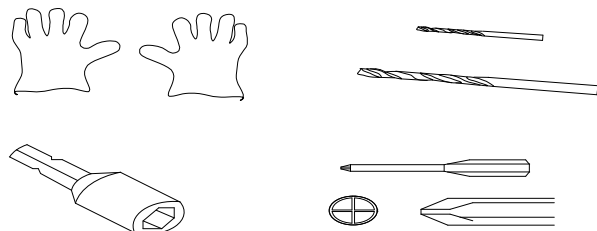

Zapoznaj się ze wskazówkami dotyczącymi konserwacji i bezpieczeństwa

BEFORE STARTING ASSEMBLY

Read the care and safety guidelines at the end of this manual. Check to ensure that there are no missing or damaged parts BEFORE starting or

znajdującymi się na końcu niniejszej instrukcji. Sprawdź, czy nie brakuje żadnych części lub czy nie są one uszkodzone PRZED rozpoczęciem montażu. Wyjmij wszystkie części z opakowania i rozłóż je na czystej powierzchni roboczej. Zapoznaj się ze wszystkimi zaleceniami dotyczącymi montażu. Zmontuj wszystkie części zgodnie ze wskazówkami zawartymi w niniejszej instrukcji. Nie pomijaj żadnych kroków.

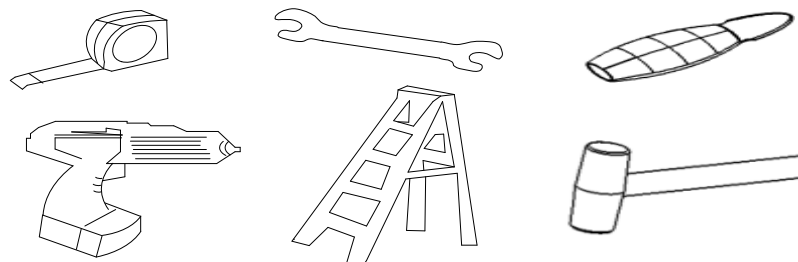

WYMAGANE NARZĘDZIA:

arranging assembly. Remove all parts from the package(s) and spread them out on a clean work surface.

Review all assembly instructions. Assemble all the parts according to the directions in this manual. Do not skip any steps.

REQUIRED TOOLS:

MONTAŻ WYMAGA TRZECH OSÓB I ZAJMIE OK 3-4 GODZ.

ASSEMBLY REQUIRES THREE PEOPLE AND TAKE 3-4 HOURS FOR INSTALLATION.

ZASADY UŻYTKOWANIA I KONSERWACJA

Zasady użytkowania

Przed rozpoczęciem użytkowania, upewnij się, że cała konstrukcja jest stała i poprawnie zmontowana, a śruby dokręcone. Zaniechanie może doprowadzić do uszkodzenia elementów konstrukcji a w konsekwencji do wypadku i urazu użytkowników. Nie należy wspinać się na dach domku, gdyż upadek z tej wysokości grozi poważnymi urazami a w skrajnych przypadkach nawet śmiercią.

Nigdy nie rozpalaj grilla wewnątrz domku, nie puszczaj fajerwerków ani innych akcesoriów z otwartym ogniem.

Czyszczenie i konserwacja

Aby uzyskać długotrwałe wykończenie, okresowo czyść zewnętrzną powierzchnię.

Utrzymuj dach w czystości od liści i śniegu za pomocą długiej, miękkiej szczotki. Duże ilości śniegu na dachu mogą uszkodzić domek, przez co wejście do niego będzie niebezpieczne.

Zawsze utrzymuj zawiasy/prowadnice drzwi z dala od brudu i innych zanieczyszczeń, które uniemożliwiają ich łatwe otwieranie. Staraj się trzymać drzwi zamknięte i zablokowane, aby zapobiec uszkodzeniom powodowanym przez wiatr.

Użyj wszystkich dostarczonych śrub i podkładek. Regularnie sprawdzaj swój domek pod kątem poluzowanych śrub, nakrętek itd. i dokręć je w razie potrzeby.

Nie przechowuj chemikaliów basenowych w swoim domku narzędziowym. Materiały palne i żrące muszą być przechowywane w hermetycznie zamkniętych pojemnikach.

USER INSTRUCTIONS AND MAINTENANCE

User Instructions

Before use, make sure that the entire structure is firm and properly assembled and that the screws are tightened. Failure to do so may result in damage to structural elements and, consequently, in an accident and injury to users. You should not climb onto the roof of the house, as a fall from this height may result in serious injuries and in extreme cases even death. Never light the grill inside the house, do not let go of fireworks or other accessories with an open flame.

Cleaning and maintenance

For a long lasting finish, periodically clean the exterior surface.

Keep the roof clear of leaves and snow with a long, soft brush. Large amounts of snow on the roof can damage the house, making it dangerous to enter.

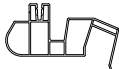

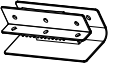

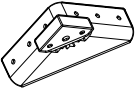

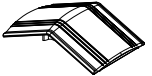

Always keep the door guides away from dirt and other debris that prevent them from sliding easily. Try to keep the door closed and locked to prevent wind damage.

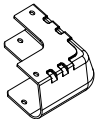

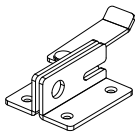

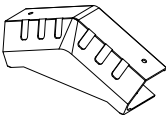

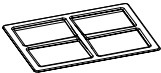

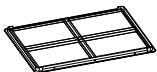

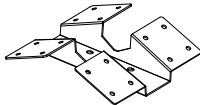

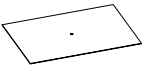

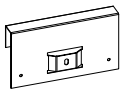

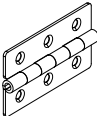

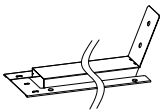

Use all provided pads and screws. Check your house regularly for loose bolts, nuts etc. and tighten them if necessary.

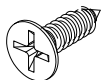

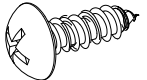

Do not store pool chemicals in your tool shed.

Flammable and corrosive materials must be stored in hermetically sealed containers.
